AVIATION CONFERENCE

## DNA OF AVIATION Opportunities & Challenges

 20 October 2023  Bodrum, Türkiye

**Serkan Kaptan**  
CEO, TAV Airports

Notwithstanding Covid-19 outreach, financial and geopolitical global uncertainties, TAV Airport is now stronger and has more certainty on its long-term targets. I am pleased to welcome each and every one of you to the Aviation Conference at Bodrum.

We are proud to operate one of Turkey's most iconic touristic gateways since 2014. Indeed, Bodrum now welcomes almost 4 million passengers out of which 1.9 million international passengers visiting Turkey.

Being forefront of the trends in the sector, TAV has always been in an optimum position in order to anticipate risks and opportunities. We build up a sustainable portfolio of unique assets.

One day conference, with such esteemed attendance will surely offer you the opportunity for qualitative discussion on our post-covid sector environment.
